Locate open area on Gondola with no shelving blocking which can align with either (C) Header Frame or (D) Back Frame shown. Once appropriate location has been made hook (I) Gondola hook into place on the Gondola.

Now align the display up with the gondola hook and install onto the area with the **RED ARROW** marked by using (J)Bolts. As you tighten the display will become rigid.

NOTE: Before you fully tighten the Bolt make sure the Display is as close to the Gondola as possible and finish tightening.

Now Adjust (O) Leveling feet appropriately so the display becomes **FIRM** onto the ground.

MISSING PARTS / DAMAGE CLAIM INSTRUCTIONS

1. DO NOT discard the box or original packaging.

In the case of damaged goods caused by shipping, photo evidence will be required.

2. Take photos of the box & markings.

A photo of the markings (text) on the side of the box is required for all cases in which a replacement part is needed. This helps to identify the item number and ensures the correct parts are pulled.

3. Take photos of damage (if applicable).

A photo of the damaged part(s) is always required to file a claim and expediently process the replacement part. Please make sure you keep the box even if it is damaged.
