Scan QR or Visit: [displaybuilds.com/instructions\\_20141](https://displaybuilds.com/instructions_20141)

- 3 Attach (D) Back Frame to (A) Side Frames with x4 (F) Bolts and tighten with (G) Tool. Now, **go back and tighten (F) Bolts on (C) Wire Shelf with (G) Tool.**

- 4 Place (E) Shelf Insert into (C) Wire Shelf.

## MISSING PARTS / DAMAGE CLAIM INSTRUCTIONS

1. **Keep the box and packaging.** If items are damaged during shipping, photo evidence is required.
2. **Photograph the box and markings.** Include a photo of the text on the box for all replacement part requests to ensure accurate identification.
3. **Photograph the damage.** Photos of the damaged parts are required to process claims and expedite replacements. Retain the box, even if damaged.
4. **Email your claim.** Send a description and the required photos to [displaybuilds.com/contact](mailto:displaybuilds.com/contact) or [help@displaybuilds.com](mailto:help@displaybuilds.com).
